

INGREDIENTS:

1. Chebe Infused Oil (80g): Strengthens and conditions hair.
 2. Shea Butter (70g) : Deeply moisturizes and softens hair.
 3. Beeswax (18g) : Locks in moisture and adds shine.
 4. Peppermint Oil (1ml): Stimulates the scalp and promotes growth.
 5. Fragrance (1ml): Adds a natural, pleasant scent.
-

Ingredients and Measurements (for 10 liters):

1. Chebe Infused Oil: 1800 grams
2. Shea Butter: 4500 grams
3. Beeswax: 700 grams
4. Peppermint Oil: 30 grams
5. Fragrance: 20 grams

Notes:

- Consistency Adjustments: If the cream is too thick, add a bit more Chebe oil. If it's too thin, increase the beeswax or shea butter slightly.

- Preservatives: If you plan to store the cream for a long time, consider adding a natural preservative to prevent spoilage.
 - Patch Test: Always perform a patch test before using the cream to ensure no allergic reactions.

WHAT IS A NATURAL HAIR CREAM?

A natural hair cream is a hair care product made from plant-based or naturally derived ingredients. It is free from synthetic chemicals, parabens, sulfates, and silicones, making it gentle and safe for regular use. This particular hair cream combines the power of Chebe-infused oil, shea butter, beeswax, peppermint oil, and natural fragrance to deliver a holistic hair care experience.

BENEFITS:

1. DEEP MOISTURIZATION: Shea butter and Chebe-infused oil work together to deeply hydrate and condition hair, preventing dryness and brittleness.

2. STRENGTHENS HAIR: Chebe powder is known for its ability to strengthen hair strands, reduce breakage, and promote length retention.

3. PROMOTES HAIR GROWTH:

Peppermint oil stimulates the scalp, improves blood circulation, and encourages healthy hair growth.

4. ADDS SHINE AND SOFTNESS: Beeswax and shea butter add a natural shine and softness to hair, making it more manageable.

5. PROTECTS HAIR: The cream forms a protective barrier around hair strands, shielding them from environmental damage and heat styling.

6. SOOTHES SCALP: Peppermint oil has a cooling effect that soothes the scalp and balances oil production.

IMPORTANCE OF NATURAL HAIR CREAM:

1. CHEMICAL FREE: Free from chemicals, it is safe for long-term use and suitable for sensitive scalps.

2. ECO-FRIENDLY: Made with natural ingredients, it is environmentally friendly and biodegradable.

3. VERSATILE: Can be used for moisturizing, styling, and protecting hair.

4. PROMOTES HEALTHY HAIR: Regular use improves hair texture, reduces breakage, and enhances overall hair health.

5. SUITABLE FOR ALL HAIR TYPES: Works well on curly, coily, straight, and wavy hair types.

HOW TO USE:

1.AS A MOISTURIZER:

- Take a small amount of the cream (about a dime-sized portion) and rub it between your palms to warm it up.
- Apply evenly to damp or dry hair, focusing on the ends and mid-lengths.

Avoid applying too much to the roots to prevent buildup.

2.AS A STYLER:

- Use the cream to define curls, tame frizz, or add shine. Apply it to styled hair for a polished look.

3.FOR SCALP CARE:

- Massage a small amount of the cream into your scalp to soothe dryness and stimulate blood circulation.

4.AS A PROTECTIVE. As a Protective Treatment:

- Apply the cream before heat styling or going out in harsh weather to protect your hair from damage.
